Additional Product Information

Product features

Single-family hands-free kit with connected hands-free indoor video unit Classe 300EOS with Netatmo and LINEA 3000 outdoor plate in black finish. 2-wire video intercom / hands-free WiFi with integrated Amazon Alexa voice assistant, 5" LCD vertical touch screen and video intercom answering machine. You can interact with the integrated Alexa voice assistant through the buttons on the touch screen or by voice to activate functions such as the video intercom, Smart Home, routines, reminders, etc. Thanks to the WiFi connection, the video intercom can be associated with the Home + Security application (available for Android and iOS). This application allows you to use the main functions of the video intercom (receiving calls, opening the lock, viewing the chronology of events and auto-on of the outer / cycling plate of the cameras. Through the Home + Security application it is also possible to manage the products of Netatmo's Security offer (exterior and interior cameras, door and window sensors, interior siren and smoke detector). This makes it possible to quickly and easily create an intelligent security system. The device also allows you to make and manage Smart Home products whether wired BUS SCS or Zigbee without having to add dedicated gateways. LINEA 3000 exterior plate in zamak black finish, wide-angle color camera and RFID proximity reader supplied with a kit of 6 colored keychains and 2 transparent discs for opening the lock. The outer plate of the LINEA...
