## Additional Product Information

### Overview

Uni or two-family hands-free kit with connected monitor CLASSE 100X16E Wi-Fi, hands-free, 5" LCD screen, LÍNEA 3000 monobloc pushbutton outer plate with zamak front, wide-angle color camera and proximity reader.

### Product features

Thanks to the Wi-Fi connection, it is possible to associate the video monitor with the Home + Security App

From the App you will be able to control the main functions of the videopuerto (receiving the call, opening the locks, activating the outer plate/cyclic display of the cameras, firmware update and additional activations)

The monitor can be installed on the surface with the corresponding metal stand (supplied) or on a desktop thanks to the desktop stands (2 x 344692) - sold separately.

Power supply via SCS BUS 18V to 27V

### description

Uni or two-family hands-free kit with connected monitor Classe 100X16E Wi-Fi, hands-free, 5" LCD screen, Line 3000 monobloc pushbutton outer plate with zamak front, wide-angle color camera and proximity reader supplied with a kit of colored key fobs and two transparent RFID discs for opening the lock. Configurable for single-family and two-family

installations. It can manage a maximum of 20 key fobs or disks (125 KHz) for door opening (including the one used to administer the system). White LED light on label. Supports surface or flush installation with specific accessories: (350020) flush box with (343061) flush mounting frame; they are purchased separately. They can be equipped with a rain visor (343051); t...
