## Additional Product Information

**Product features**

For recessed installation, black color. Power supply from 110 to 240 Hcv, 50/60 Hz; Maximum absorption of 2 W; Maximum cable section 1 x 1.5 mm<sup>2</sup>; Operating temperature from 5 to 40 °C, Setpoint temperature 5 °C ÷ 40 °C; Increase of 0.5 °C; 1-contact output in 5(2)A potential-free switching. General features

The Smarther with Netatmo connected thermostat, together with the Home + Control Legrand app, is a device that allows you to adjust and control the temperature in the rooms accurately and accurately; All programming and most functions are carried out in a simple and intuitive way through this App. Thanks to its Wi-Fi connection, Smarther can be programmed and controlled remotely; it can also show the temperature and humidity measured in the room. The temperature level can be set locally for manual operation and Boost mode can be activated. The Boost function forces the system to power on for a limited time (30, 60 or 90 minutes) regardless of the measured and programmed temperature. A different temperature can also be set in each room of the house to offer maximum comfort, thanks to its compatibility with Netatmo's smart radiator valves. Smarther with Netatmo can also be controlled with Google Voice Assistants, Amazon Alexa, and Apple Home Kit.
