# MCETHM CARLO GAVAZZI Communication module, Ethernet port with built-in memory, to WM40

Brand: CARLO GAVAZZI | Manufacturer Part Number: MCETHM

|                 |                                                     |
|-----------------|-----------------------------------------------------|
| Manufacturer    | CARLO GAVAZZI                                       |
| MPN / Reference | MCETHM                                              |
| Catalog number  | 10000                                               |
| Category        | Fieldbus, decentr. periphery - communication module |
| Minimum order   | 1 Pcs                                               |
| Document ID     | EO-B3A5914DD3                                       |
| Generated       | 2026-08-02                                          |

## Product Overview

Communication module, Ethernet port with built-in memory, to WM40  
Communication module, Ethernet port with integrated memory, for WM40  
Module Ethernet port with integrated memory for WM series

**STRUCTURED PRODUCT DATA**

## Technical Specifications

No structured technical attributes are currently available. Submit an RFQ for technical review.

## Classification & Catalog Path

Catalog path      CARLO GAVAZZI &gt; Controls &gt; Digital Panel Meters and temperature

## Additional Product Information

**Specifications**

Communication port and protocolEthernet (Modbus TCP/IP)Approvals, marks, declarationsCE (Europe); cULus (North America)

## REQUEST PRICE, AVAILABILITY & TECHNICAL REVIEW
