

INDUSTRIAL COMPONENT DATA

CP010005 CP ELECTRONICS ALC-PRM-VFC DET. LUM. ON/OFF

Brand: CP ELECTRONICS | Manufacturer Part Number: 010005

Manufacturer	CP ELECTRONICS
MPN / Reference	010005
Catalog number	010005
Category	CP ELECTRONICS Products
Minimum order	1 unit
Document ID	EO-B1C01F8205
Generated	2026-08-01

Product Overview

CP010005 CP ELECTRONICS ALC-PRM-VFC DET. LUM. ON/OFF

STRUCTURED PRODUCT DATA

Technical Specifications

No structured technical attributes are currently available. Submit an RFQ for technical review.

Classification & Catalog Path

Catalog path	CP ELECTRONICS

Additional Product Information

Product features

Sensor brightness range CP LAC recessed - Measures the brightness and evaluated according to the pre-established threshold if you must turn on the light. Turns on when the natural light is insufficient and turns off when there is sufficient - brightness Threshold of 10 to 1275lux - Output for 1 circuit ON/OFF for all type of loads (including LEDS) up to 10A (see table of loads) General characteristics

Detectors Stand-Alone motion/presence for 1 or 2 circuits - For passage areas and for areas that are diaphanous with brightness sensor for the use of natural light - dimming Function constant brightness (versions DALI, 0-10V or KNX) - Power manual or auto, off, manual or automatic - Time and brightness configurable (10s to 99min) - Configurable with the remote control (UHS5, ref. CP460004) or advanced tool configuration (UNLCDHS, ref. CP460007)

REQUEST PRICE, AVAILABILITY & TECHNICAL REVIEW

Send CP ELECTRONICS / 010005 with the required quantity to info@electricaonline.com or use electricaonline.com/request-quote.
