

INDUSTRIAL COMPONENT DATA

SW-GALILEO 140379 Y7-140379 EATON ELECTRIC

Visualization software, GALILEO for all XV/XP switchgear, multi-u..

Brand: EATON - MOELLER | Manufacturer Part Number: SW-GALILEO

Manufacturer	EATON - MOELLER
MPN / Reference	SW-GALILEO
Catalog number	Y7-140379
Category	Visualization software
Minimum order	1 Pcs
Document ID	EO-0C21CE1C7A
Generated	2026-08-02

Product Overview

Visualization software, GALILEO for all XV/XP switchgear, multi-user license, update from GALILEO V 8.1.2
SW-GALILEO

GALILEO, a visualization program that takes little time to master, is an intuitive and powerful engineering environment., that meets virtually every requirement involved in on-site machine operation. The visualization software is designed to meet the needs of any industry while providing comprehensive configuration options for all XV devices and PC runtime solutions. As part of this approach, it puts its full functionality at the disposal of design engineers at all times, avoiding nested variable and screen limitations. This version is a multi-user license, i.e. , the software can be installed on multiple computers. supports update from Galileo version 8.1.2

Additional Product Information

General specifications

Product Name Eaton GALILEO Software Catalog Number 140379 Model Code SW-GALILEO EAN 7640130110557

Product Length/Depth 230 mm Product Height 2 mm Product Width 162 mm Product Weight 0.016 kg Compliances Eaton supports the product until its end of life Certifications UL/CSA certification not required Product specifications

Features Language switch possible

Loadable for operating system for configuration software, Windows 9x

Online projecting possible

Loadable for operating system for configuration software, Windows Vista

Loadable for operating system for configuration software, Windows NT

Loadable for operating system for configuration software, Windows 7

Loadable for operating system for configuration software, Windows XP

Loadable for operating system for configuration software, Windows 2000

Loadable for operating system for configuration software, Windows 8

User groups (password protection) possible

Alarm-management Fitted with: Programming interfaces

Other script language

OPC-interface, server

OPC-interface, client SQL-database Optional Trend representation Yes User archive/recipes management Integrated

Number of clients - max 10 Number of configuration/desktop languages 2 Number of configuration/runtime languages 100

Number of multi-users configuration - max 1 Number of online/runtime languages 100 Number of servers - max 1 Required

main memory for configuration software - min 128 MB Required main memory for runtime system - min 256 MB Required
