

INDUSTRIAL COMPONENT DATA

ASBELL230 167393 EATON ELECTRIC Power Distribution Components IEC Miniature circuit breaker

Brand: EATON - MOELLER | Manufacturer Part Number: ASBELL230

Manufacturer	EATON - MOELLER
MPN / Reference	ASBELL230
Catalog number	Y7-167393
Category	Alarm signal
Minimum order	1 Pcs
Document ID	EO-8086AD7E37
Generated	2026-08-04

Product Overview

Power Distribution Components IEC Miniature circuit breaker

Bells are typically used in residential construction and non-residential construction, offices, banks, etc. They are used to send alarm signals or to send general acoustic signals. These devices are used as service installation components in distribution boards. They have been designed for short-time operation in accordance with IEC 62080. They have a space-saving design that only takes up one single space unit. Reliable PTC device protection against overload and short-circuits.
