## Product Overview

Separation, cable connection/main busbar area, for cabling box, W=197mm

XPFBCEB197

Eaton xEnergy Main LV systems LV switchgear. Separation, cable connection/main busbar area, for cabling box, W=197mm

Accessory for outgoer section: end-to-end mounting plate / partition for cable connection area in outgoer section. NZM outgoer section shape 2/4, section width 800 mm, device space width: 600 mm, cable connection area width of 197 mm. For fixing terminals/contact blocks in the cable connection area, serves as a partition between the cable connection area and main busbar area at the same time. These partitions must be used without fail for outgoing feeders in a 5000 A system (additional main busbar area).
