

## INDUSTRIAL COMPONENT DATA

# PKZ-XAE02 151195 Y7-151195 EATON ELECTRIC Coupling shaft to box PKZ

Brand: EATON - MOELLER | Manufacturer Part Number: PKZ-XAE02

|                 |                                                           |
|-----------------|-----------------------------------------------------------|
| Manufacturer    | EATON - MOELLER                                           |
| MPN / Reference | PKZ-XAE02                                                 |
| Catalog number  | Y7-151195                                                 |
| Category        | Accessories/spare parts for low-voltage switch technology |
| Minimum order   | 20 Pcs                                                    |
| Document ID     | EO-FABC8E5D3B                                             |
| Generated       | 2026-08-05                                                |

## Product Overview

Coupling shaft to box PKZ

PKZ-XAE02

Spare part shaft coupling vers. 02

## STRUCTURED PRODUCT DATA

## Technical Specifications

No structured technical attributes are currently available. Submit an RFQ for technical review.

## Classification & Catalog Path

Catalog path EATON - MOELLER &gt; Circuit Breakers PKZ

## Additional Product Information

ETIM for 151195 Low-voltage industrial controls and switchgear (EC002498)

Feature Name

Feature Value

Type of accessory/spare part (EF000215)

Connection piece for switch operating shaft

Accessory (EF013236)

No

Spare part (EF013237)

No
