Technical data

Description:

To secure incoming cables onto the fixing bars CAB and CABP. Holds the cable in position and supports the weight.

Material:

Zinc plated steel.

Pack quantity:

25 clamps.

Mounting requirements:

Add CAB/CABP to mount the cable clamps CAC.

Features

Feature:

Zinc plated cable clamps allow for a wide range of cables sizes to be installed.

Advantage:

Cable clamps provide a strong fixation method for cables incoming from the bottom of the enclosure.

Benefit:

An off the shelf solution that guarantees a fast and safe installation ensuring external strains on cables are relieved avoiding damage to internal equipment.

Comment:

Cable clamps are used to secure cables onto the fixing bars, CAB and CABP.
