Additional Product Information

Technical data

Description:

Cable tray with punching for cable management in the side of the enclosure. Length 1.9 m.

Material:

1.5 mm zinc plated steel.

Mounting requirements:

DCT cable trays are to be mounted on CLPK or CLPF profiles.

Pack quantity:

1 piece.

Features

Feature:

Zinc plated steel tray with cut-outs for cable management.

Advantage:

The cable tray allows cables to be vertical secured to the sides of the enclosure within a protected space. The cables are

fixed using the pre-punched cut-outs in the cable tray.

Benefit:

Cables can be routed quickly within the enclosure in a safe and secure way. Cables can easily be routed in the future to the existing cable tray.

Comment:

Click-in or mounting profiles, CLPK or CLPF, are required to be mounted along the enclosure's depth.
