Additional Product Information

Technical data

Description:

For extra support when bayed enclosures are fully equipped and require lifting.

Material:

3 mm stainless steel 316L.

Pack quantity:

6 brackets with mounting accessories.

Features

Feature:

A baying kit, mounted on the interior corners of the profiles, to allow for side-to-side baying of combinable floor standing enclosures.

Advantage:

The strongest baying option available that can be assembled without removing the door and rear panel and without the use of tools.

Benefit:

Reduced assembly time and reliable baying if enclosures are lifted.

Comment:

These brackets should not be used in combination with a mounting plate if mounted on the side of the enclosure, or in combination with the mounting plate filler (MPF) unless the mounting plates are brought 50 mm forward.
