Additional Product Information

Features

Description: For replacing the standard panel on MPC top section units where high corrosion resistance is required.

Material: 2 mm AISI 304 pre-grained stainless steel.

Finish: 400 pre-grained stainless steel.

This is especially important in industries where the operators are exposed to chemical agents and may transfer them onto the panel during operation

The panel can only be mounted on top consoles, MPCXX1R5

For replacing the standard panel on MPC top section units where high corrosion resistance is required
