

INDUSTRIAL COMPONENT DATA

MSHS410010 ELDON Busbar support 2x(100x10) MSHS410010

Brand: ELDON | Manufacturer Part Number: MSHS410010

Manufacturer	ELDON
MPN / Reference	MSHS410010
Catalog number	410010
Category	Accessories/spare parts for busbars
Minimum order	1 Pcs
Document ID	EO-1B56646DD8
Generated	2026-07-31

Product Overview

Busbar support 2x(100x10) MSHS410010
Sop. bars the main.2x(100x10), up to 3600A
Busbar support 2x(100x10)

Additional Product Information

Features

Description: Busbar supports up to 3600A to be mounted horizontally behind the compartments. Mounts to the internal side panels MSPS, and in the height position which we need. Supports for single or double bar per phase for bar thickness 10 mm, and width from 10 to 120 mm. Distance between bars of 20 mm.

Material: Polycarbonate reinforced with 10% of glass material.

Delivery: Busbar support for 3 phases and neutral, and mounting material.

Distance between bars of 20 mm

Material: Polycarbonate reinforced with 10% of glass material

Delivery: Busbar support for 3 phases and neutral, and mounting material

Horizontal main busbar support for 2 bars up to 120 x 10 mm, which can be mounted at the required height behind any system (fix, modular or plug-in)

The standard supports are available off the shelf and have been tested according to IEC 61439

The supports are suitable for the most common bars on the market

Main busbars can be installed in the middle of the enclosure height, which will reduce the required busbar section

A flexible and reliable solution that ensures procurement, design and installation can be done efficiently reducing the labour time required

Internal side panels (MSPS) are required in order to mount the busbar supports
