Additional Product Information

Technical data

Description:

Handle to replace the standard lock in UCP/UCPT enclosures. For the handle UDH2C, UDH2CS and UDH3C, machining is required. UDH1C is supplied with 2 keys.

Delivery:

1 piece with mounting accessories.

Features

Feature:

Swing handle for polyester wall mounted enclosures.

Advantage:

The handle replaces the standard modular or compact polyester wall mounted enclosure handle/lock and offers many key or padlocking options

Benefit:

The handle allows the door to be opened easily while limiting access to the enclosure via the different key options. Locking handles with compatible keys maybe selected due to the specification set by the end user. The security of the enclosure can be increased by using additional padlocks.

Comment:

Machining is required for compact polyester wall mounted enclosures. Locking inserts, LSSU must be ordered separately.
