Additional Product Information

Technical data

Description:

Used when the enclosure requires horizontal divisions. Can be mounted on the hole pattern of the compact mild steel floor standing enclosure range.

Material:

2 mm zinc plated steel.

Mounting requirements:

CDHK pieces = number of door DP and/or panels DPP + 1.

Pack quantity:

2 profiles with mounting accessories.

Features

Feature:

Zinc plated steel horizontal dividing profile for the partial door system for semi-compact floor standing enclosures.

Advantage:

The profile provides horizontal separation in order for the opening at the enclosure's front to be divided into subsections using partial doors or panels.

Benefit:

The horizontal profile ensures that partial doors and panels are secured correctly providing a guaranteed IP 44 protection degree.

Comment:

The formula to calculate the number of horizontal dividing profiles required is, the number of doors/number of panels + 1.
