

INDUSTRIAL COMPONENT DATA

LTSL5 ELDON LED light 5W magnetic fixing LTSL5

Brand: ELDON | Manufacturer Part Number: LTSL5

Manufacturer	ELDON
MPN / Reference	LTSL5
Catalog number	10000
Category	Luminaire (switchgear cabinet)
Minimum order	1 Pcs
Document ID	EO-E192F69A1B
Generated	2026-08-01

Product Overview

LED light 5W magnetic fixing LTSL5

LED magnetic 5 W, 100-240 V AC, 50/60 Hz

This energy saving LED enclosure light can be mounted to any metallic surface and helps perform operations and maintenance in the field.

Additional Product Information

Technical data

Description:

Energy saving lighting system suitable for all types of panels and enclosures, especially where space is at a premium. It is made of transparent plastic. This lamp has a very long service life (around 60,000 h.) thanks to the use of LED technology. The power output allows up to 10 lights to be connected to each other (daisy chain) with both the input and output plugs snap-locking into their sockets.

Lamp:

LED, 120° angle of radiation.

Luminosity:

400 Lm.

Power consumption:

5 W max.

Operating voltage:

100-240 V, 50/60 Hz.

Operating temperature:

-30 °C to +60 °C.

Connections:

Connectors with snap lock for power supply and power output.

Approvals:

CE, EAC, cULus_UL Listed.

Features

Feature:

Energy saving LED enclosure light, available with different voltages and frequencies.

Advantage:

Off the shelf enclosure light, can be installed into enclosures that are located within different countries. The light can be easily mounted onto the enclosure's surfaces.

Benefit:

The enclosure light provides a compact and flexible solution as it can be mounted to any metallic surface. The light ensures both, operation and maintenance procedures can be performed safely, in the field.

Comment:

It is highly recommended to install a door switch to improve the enclosure's energy consumption.
