Technical data

Description:

Alternative locks to replace the standard one.

Pack quantity:

1 piece.

Features

Feature:

Cylinder locks for mild steel wall mounted enclosures.

Advantage:

The cylinder replaces the standard double-bit 3mm insert in the enclosure's standard lock.

Benefit:

The cylinder limits the access to the enclosure via different key options. Specific locking cylinders maybe selected based on the specification set by the end user.

Comment:

Due to the number of different key configurations, some are available as standard; Others are available on request.

REQUEST PRICE, AVAILABILITY & TECHNICAL REVIEW

Send ELDON / ALL510 with the required quantity to info@electricaonline.com or use electricaonline.com/request-quote.
