Additional Product Information

Technical data

Description:

Nuts to be used in the telequick mounting plates.

Pack quantity:

50 pieces.

Features

Feature:

Snap nuts for fixing components and equipment to telequick mounting plates.

Advantage:

A standard off the shelf solution that is compatible with the hole pattern on telequick mounting plates to mount components exactly where required.

Benefit:

The snap nuts can be used to fix accessories and components, simplifying the procurement and ensuring that components can be installed easily. The location of the snap nuts can quickly be modified if required.
