Technical data

Description:

Orange feed cable with female connector on one end to connect to a LTLN light and an open end for the connection to power.

Length:

3.5 m.

Approvals:

CE, EAC.

Pack quantity:

5 pieces.

Features

Feature:

Orange power cables for enclosure lights, LTLN.

Advantage:

Off the shelf solution, the cable easily connects the enclosure light to the power source.

Benefit:

Ready to use cables, simplifying the procurement and ensuring that the lights can be installed easily.

Comment:

Orange cables are normally used to denote that the cable is live, even when the main power switch has been turned off.
