Additional Product Information

Features

Description: Internal side panels to build up sections as from the enclosure frame. Frame hole pattern is needed in front, rear, top and bottom.

Material: 1.5 mm galvanized steel.

Delivery: 1 piece with mounting material.

The side panels segregate vertical sections, allowing customer's to mount main busbar supports (MSHS) and other accessories

A flexible solution for both fix and plug-in systems

The side panels allow customers to build up power distribution configurations to meet form 4 segregation according to IEC 61439

Hole patterns are required in the top, bottom, front and rear of the enclosure, in order to mount the internal side panels
