Additional Product Information

Technical data

Description:

Standard door equipped with double-bit 3 mm lock system and door frame. Door accessory kit DNMK (hinges, rod catches) to be ordered separately. Allows all the options of the locking program and 180° hinges. Compatible with combinable and compact enclosure ranges.

Material:

2 mm steel plate.

Maximum load:

800 N.

Finish:

RAL 7035 structured powder coating.

Mounting requirements:

Use hinge kit DNMK if no door was fitted previously.

Pack quantity:

1 piece.

Features

Feature:

Plain mild steel door to replace the rear panel on floor standing enclosures.

Advantage:

It allows easy access from the rear of the enclosure.

Benefit:

Access to the rear of the equipment installed in the front, or increase the mounting area using back to back mounting plates.
