Additional Product Information

Technical data

Description:

Floor stands for floor mounting to give a suitable operation height. Available for 300 and 400 mm depth enclosures with W>= 400mm. 300 or 450 mm high are available. Machining is required.

Material:

2 mm mild steel.

Finish:

RAL 7035 structured powder coating.

Pack quantity:

2 pieces with mounting accessories.

Features

Feature:

Painted steel floor stands for mild steel wall mounted enclosures.

Advantage:

The floor stands are mounted underneath the enclosure to provide 300-450 mm of extra space between the installation floor and the bottom of the enclosure.

Benefit:

The height of the enclosure is increased ensuring operations and maintenance can be easily performed.

Comment:

The wall mounted enclosure requires machining before the floor stand can be mounted. The floor stands are only available for enclosures with a width from 400 mm and a depth of either 300 mm or 400 mm.
