## Additional Product Information

Technical data

Description:

To be fitted as extra protection on stainless steel enclosures. The roof is slightly sloped and has a dripstrip.

Material:

1.5 mm stainless steel AISI 304 / AISI 316L.

Finish:

400 pre-grained stainless steel.

Features

Feature:

Stainless steel rain hood for stainless steel floor standing enclosures.

Advantage:

The rain hood is mounted on top of the enclosure and provides shelter via a sloped roof. The rain hood features a drip strip that protects the enclosure's door gasket from the accumulation of water.

**Benefit:**

The rain hood protects installed components from water as it removes the risk of accumulated water on top of the gasket, dripping into the enclosure when the door is opened.

**Comment:**

Rain hoods are not compatible with bayed enclosures.
