Technical data

Description:

T-handle with or without Ronis cylinder lock.

Material:

Handle: plastic. Lock: steel.

Pack quantity:

1 piece.

Features

Feature:

T-handle for floor standing enclosures.

Advantage:

The handle replaces the standard floor standing enclosure lock and offers different compatible key options.

Benefit:

The handle allows the door to be opened easily while limiting access to the enclosure via the different key options. Locking handles with compatible keys may be selected based on the specification set by the end user.

Comment:

Due to the number of different key configurations, some are available as standard; Others are available on request.
