Catalog path ELDON > Terminal Boxes

Additional Product Information

Features

Description: Wing screws can be used in place of each terminal box cover screw, which will allow easier access. If hinges are fitted to the terminal box, only two wing screws will be required and must be fitted opposite the hinge.

Pack quantity: 24 pieces.

Operation and maintenance procedures can be performed quicker as access to the inside of the terminal box can be gained faster due to the tool-less entry

The wing screws are normally used in combination with cover hinges

Highly recommended to install wing screws on the opposite side of the hinges in the terminal box when hinges are mounted

Wing screws can be used in place of each terminal box cover screw, which will allow easier access

If hinges are fitted to the terminal box, only two wing screws will be required and must be fitted opposite the hinge

Package quantity: 24
