## Additional Product Information

Lapp Group offers a cable conveying system for both flat and round cables.  
Calculation tool on our website (in information center: cable accessories)  
proceeds  
Careful cable ties prevent severe cable bending  
Dustproof ball bearings (wheels) ensure smooth ride on the rails  
Scope of use  
Crane and transport machinery  
For elevators and transport facilities  
Machine building  
Washing facilities  
Not suitable for applications in explosive environments  
Notice  
Round- and flat cables are not allowed to be combined side by side or below each other  
Do not mount more than three round cable clamps one underneath the other

Radius of curvature on the bracket corresponds to the value of a fixed installation

Delivery

Delivery length profile rail C 6 m

Product composition

The installation of a system depends on various criteria, for example: maximum cable drop (weight of the cable) and working duration.

ETS Classification 5

ETIM 5.0 Class-ID: EC002935

ETIM 5.0 Class-Description: Energy Carrier Accessory

General

Max load capacity: 20 kg

Material

Metal parts: acid-resistant stainless steel SS 2343 Screws and nuts: acid-resistant stainless steel A4 Tweezers: polyamide 6

Temperature range

from -40 °C to +120 °C
