Additional Product Information

Suitable for all construction sites, the DPX³ range offers 4 sizes of moulded case switches, for gauges between 16 A and 1600 A and breaking powers ranging from 16 to 100 kA. It also offers a wide range of versions to meet all needs: circuit breakers or electronics according to the level of protection required, fixed, sectional and removable devices according to the desired level of maintenance and residual current circuit breakers. With the DPX³ electronic switches with integrated measurement, it is possible to monitor the parameters and consumption of the different circuits in the system, without additional devices or accessories. The selectivity between the switches is optimal thanks to the performance of the DPX³ devices, in critical configurations, the dynamic selectivity and logic selectivity offered by the protection units of the electronic DPX³ ensure maximum continuity of service.Type of accessory/spare part Mechanical locking mechanism
