

INDUSTRIAL COMPONENT DATA

076595 LEGRAND MO-BASE RJ45 C6 FTP 2M SEC BL

Brand: LEGRAND | Manufacturer Part Number: 076595

Manufacturer	LEGRAND
MPN / Reference	076595
Catalog number	076595
Category	Data communication connection box copper (twisted pair)
Minimum order	5 Pcs
Document ID	EO-79B4FE9974
Generated	2026-08-01

Product Overview

MO-BASE RJ45 C6 FTP 2M SEC BL

Base RJ45 Mosaic - Cat.6 FTP. 2 modules. LCS². Controlled access. White

Additional Product Information

The RJ45 Mosaic socket connects a device to the local network. Cable distribution ensures a high-speed, secure, and reliable Internet connection. It is completed with a plate and support. It comes with 2 keys for 5 sockets. Cat.6: Data rate up to 1 GigaBit/s. This allows you to download a 1 GigaByte file in 8 seconds. Supports high-capacity PoE applications. Power over Ethernet passes electrical power along with data into twisted-pair Ethernet cabling. Equipped with a transparent protective cover that protects the connector. Equipped with tool-free quick connect connectors. The key locking system allows the plug to be secured to prevent damage to the connector or access from the outside. Once the cable is plugged in, the key is needed to prevent any unintentional opening. Suitable for commercial and residential installations. IP and analog phones. Well suited for downloading, streaming, or online gaming that requires low latency. Tool-free connector with quick connection thanks to integrated crimping. Compatible with cables equipped with RJ11, RJ12 or RJ45 plugs. The slot system allows for a perfect and easy adjustment of the multi-hook. The support frames can be perfectly joined thus facilitating installation. It can be installed in a normal recessed box (single, 40mm), without the need for additional cuts in the wall or wiring. Indoor use only. Conforms to ISO/IEC 11801 Ed. 3.0, EN 50173-1 and TIA/EIA 568 C.

Surface mounting No

Flush mounting Yes

Duct Installation Yes
