## Additional Product Information

Pack (number of units)1

Volume (dm3)14.688

Weight (g)4 027.00

Product characteristicsAccessories

For battery cabinets Cat.Nos 3 107 44/45

General characteristicsDAKER DK PLUS - On-line double conversion UPS (rack/tower) - single phase and three phase

VFThe main parameters of the UPS, including the battery charge level and faults, are displayed on the LCD screen on the front panel

The integrated communication software not only controls the UPS and its switch-off if there is a malfunction, and enables the user to test the main functions remotely, communicate via SNMP/Internet/network adaptor and access the functions of the UPS via the Internet, but can also send the user an SMS if specific events occur

The internal extension connector enables aWEB/SNMP card or a relay interface to be installed which provides insulated contacts for applications on industrial control panels or remote alarm panels

If there is an electronic fault, overload, overheating or for scheduled maintenance operations, the automatic or manual

(optional) bypass ensures continuity of the power supply for critical loads. A bypass switch is available for maintenance ETIM for 310954 Data networking products (EC002850)
