Additional Product Information

The compact mini column, with dimensions of 110x80x170mm, is ideal for wiring in commercial buildings, both in new projects and renovations. Its removable sides make it easy to access cables during installation. It offers IP40 protection against foreign bodies of 1 mm or more, and IK08 protection that guarantees resistance to impacts of up to 5 joules. It complies with the IEC 61084-2-4 standard and is made of halogen-free plastic, with the body in white (RAL 9003) and parts in light gray. It is fixed to the ground by 4 screws and has capacity for 4 modules, and can be expanded indefinitely with additional accessories. Cables can enter through conduits in concrete slabs or ground channels. In addition, it includes a partition to separate power and data circuits, which contributes to a tidy and safe installation. Column Shape Rectangular

Model One side

Prewired No

Adjustable No

Column Height 170-340 mm

Column Depth 110 mm

Column Width 80 mm

Number of usable lids 1

Cover width 80 mm
