FBA-B200-14 7202505 OBO BETTERMANN BLOCK FOAM

FBA-B200-14

Brand: OBO BETTERMANN | Manufacturer Part Number: FBA-B200-14

Manufacturer	OBO BETTERMANN
MPN / Reference	FBA-B200-14
Catalog number	7202505
Category	Fire partitioning
Minimum order	4 Pcs
Document ID	EO-ED348D0377
Generated	2026-08-02

Product Overview

BLOCK FOAM FBA-B200-14

FBA-B200-14 foam block, Intumescent 200x144x60mm Permanently elastic spongy material, closed porosity, PYROPLUG® Block foam block. Permanently elastic soft foam block for cable and combination insulation. Possibility of longitudinal and transverse mounting to achieve different fire resistance classes. Can be combined with the 2-component PYROSIT® NG firefighting foam. Usable on solid ceilings and walls and on lightweight partition walls, and approved for many installations. Indoor use. CE marked construction product, with European approval according to ETA-15/0803 for applications with a fuge-resistant duration of up to 120 minutes. More detailed information about the applications can be found in the authorization documents. Protect the surface of the insulation against water with spongy materials to ensure proper expansion of the foam in the event of a fire. Conventional silicone coating
