## Product Overview

Dust protection plate for penetration, PG48, Black, Cellular polyethylene, ZPE

Dust protection plate, PG. Cellular polyethylene. Small protective disc to protect the V-TEC and V-TEC MS cable glands against dust before the cable is installed. Application: the discs are pre-mounted between the cap nut and the seal. They do not need to be removed when the cable is installed, but are simply passed through to the interior with the cable. Note: the discs do not provide any mechanical protection.
