Product Overview

Plug-in clip single, 16-23mm, Light grey, 7035, Polyamide, PA

Single push-fit clip. These push-fit clips are used when installing cables and pipes on walls and ceilings and when running flexible pipes on concrete and in the screed. The single push-fit clips can be used instead of nail clips in concrete and aerated concrete. The advantage of the push-fit clips is that they only have to be pushed into the drilled hole. Anchors and bolts are not needed.
