

INDUSTRIAL COMPONENT DATA

R89F-PC-20 R89F7002F R89FPC20 OMRON Axial fan accessory for R89F-M, 2 m connector cable

Brand: OMRON | Manufacturer Part Number: R89F-PC-20

Manufacturer	OMRON
MPN / Reference	R89F-PC-20
Catalog number	R89FPC20
Category	Accessories/spare parts for low-voltage switch technology
Minimum order	30 Pcs
Document ID	EO-9092DBD704
Generated	2026-08-02

Product Overview

Axial fan accessory for R89F-M, 2 m connector cable

STRUCTURED PRODUCT DATA

Technical Specifications

No structured technical attributes are currently available. Submit an RFQ for technical review.

Classification & Catalog Path

Catalog path	OMRON > Power supplies > Fan
--------------	------------------------------

Additional Product Information

A rated voltage range of 100 to 240 VAC allows use in 100 VAC and 200 VAC systems. Rotation speed remains constant even with different input voltages

Shorter replacement times, thanks to longer service life

Expected life of 60,000 hours (approximately 6 years)

Power consumption is reduced by about 72% compared with conventional AC fans

Available in set packages (including finger guards, connector cables and mounting screws)

CE marking and certification according to various standards, including UL and CSA

ETIM for 686228 Low-voltage industrial controls and switchgear (EC002498)
