Product Overview

Evaluation kit to get started in building automation with the new Catan product family. It is composed of the Catan C1 EN controller, the Catan Control Panel, the power supply, the license (limited to 50 data points) for the controller, and the license for Emalytics Workbench. The kit is for testing only and is not a productive application. When ordering the item, enter your PC's host ID in the My Shopping Cart Reference field. The host ID appears on the PC after Emalytics Automation is installed.
