Additional Product Information

2-wire video intercom/hands-free WiFi with integrated Amazon Alexa voice assistant, 5" vertical LCD touch screen and video intercom answering machine. You can interact with the Alexa voice assistant integrated through the buttons on the touchscreen or by voice to activate functions such as the video doorbell, Smart Home, routines, reminders, etc. Thanks to the WiFi connection, the video doorbell can be associated with the Home + Security app (available for Android and iOS). This application allows you to use the main functions of the video intercom (receiving calls, opening the lock, viewing the chronology of events and auto-ignition of the outer panel/cycling of the cameras). Through the Home + Security app, it is also possible to manage the products of Netatmo's Security offer (exterior and interior cameras, door and window sensors, interior siren and smoke detector). This allows you to quickly and easily create a smart security system. The device also allows you to realize and manage Smart Home products wired BUS SCS without having to add dedicated gateways. SFERA New exterior plate, in aluminum finish and 5 MPx wide-angle HQ color camera with digital filters and white LEDs for shooting field illumination. Push button with label-holder and backlit with white light LED. With video Yes
