Additional Product Information

Single-family hands-free kit with Classe 100V16B monitor and SFERA NEW modular pushbutton exterior plate with aluminum front and 5 MPx wide-angle HQ color camera with digital filters and white LEDs for field of fire illumination. White LED light for labels. The device has 2 physical buttons to control the main functions - response and completion of communication - and 3 touch buttons that allow the opening of the lock, the activation of the outer plate/cyclic display of the cameras and the customization of a quick or user-preferred action - e.g. control of the stair lights, intercom, activation of the additional lock. The device has a side joystick to regulate: the color, brightness and contrast of the screen, the volume of the audio and the volume of the ringtone. It has an LED to indicate the status of the call. Installation can be done on the surface with the corresponding metal stand (supplied) or tabletop thanks to the tabletop stands (2x344692) - sold separately. The device must be configured. With video Yes
